

FOR THE RIDE

Tiger Sport

19/06/2014 14:54:05

**Tiger Sport****£9,699.00** †**PRODUCT INFORMATION****OVERVIEW**

Sometimes you need a bike that can do everything – a perfect all-rounder. One day you need two-up touring, the next could be commuting. Sometimes you just want a back-road sports bike. The new Tiger Sport 1050 meets many demanding roles.

With its sharper handling and punchier performance, we haven't just made slight tweaks here. The bike is all-new from the rear of the fuel tank back, and just about everything you can see has changed over the previous Tiger 1050.

As a result, the Tiger Sport has been improved on all fronts with better performance, better handling, better ergonomics for passenger and rider, an increased load-carrying ability, more practicality, leaner looks and exceptional detailing and build quality.

So you get a bike that's not only great for sports riding but it's also a better tourer and everyday workhorse. The Tiger Sport is a totally different animal.

ENGINE**Performance**

The Tiger Sport uses the same characterful three-cylinder, 1050cc engine as the previous Tiger 1050, but peak power has increased by 10PS (123bhp, 92kW) to 125PS, and peak torque is up 6Nm to 104Nm (77lb.ft, 10.6kgm), and the engine is stronger across its rev range.

Air Intake

Changes to the airbox mean improved breathing, a major contributor to the Tiger Sports gains in power and torque. The result is an even better induction sound.

Transmission

The Tiger Sport takes a completely revised gearbox first introduced on the Speed Triple R. The changes provide a smoother, lighter, and more precise gear selection. We even gave the rear sprocket an additional tooth to lower the gearing slightly for punchier acceleration.

Exhaust System

The exhaust system is totally new. We've used all our expertise and the latest technology to give you improved gas flow for better performance and a louder, more involving sound.

ENGINE	
TYPE	Liquid-cooled, 12 valve, DOHC, in-line 3-cylinder
CAPACITY	1050cc
BORE	79mm
STROKE	71.4mm
SYSTEM	Multipoint sequential electronic fuel injection with SAI (except NZ, ZA, AU)
EXHAUST	Stainless Steel 3 into 1, high level brushed stainless steel silencer
FINAL DRIVE	X ring chain
CLUTCH	Wet, multi-plate
GEARBOX	6-speed

CHASSIS

Frame

We've completely redesigned the frame for the Tiger Sport with two purposes in mind.

The first is to lower the seat, improving the ergonomics for shorter riders as well as passenger comfort. The second is to increase strength for a greater maximum payload. This results in more precision, more engaging cornering and a much more "planted" feel to bring more out of both you and the bike. The extra strength has endowed the Tiger Sport with a 220kg payload allowing the fitment of larger panniers.

Rear Subframe

The rear subframe is now both lower and stronger than the Tiger 1050s and gives the bike a leaner, more sporting look, whilst also increasing its payload.

Swingarm

The new, single-sided swingarm is purpose-made for the Tiger Sport. Designed to look sporty but also allows the exhaust system to be tucked in tighter and so you get more luggage space.

Suspension

The fully adjustable suspension has been completely renewed with new springs and re-valved damping for a more controlled ride and to suit the increased payload. But thanks to some very careful tuning we've improved the ride quality and handling too. The front suspension features Showa 43mm upside down forks with adjustable preload, rebound, and compression damping and 140mm of travel. The rear Showa monoshock has 150mm of travel and is adjustable for preload and rebound damping.

Wheels and Tyres

We added a new cast aluminium rear wheel to the Tiger Sport and fitted it with Pirelli Angel GT tyres. This set up is 1.3kg lighter than on the previous Tiger 1050 for improved agility.

Riding Position

We've altered the riding position on the Tiger Sport so that you sit 5mm lower than before and have a slightly more forward leaning stance. We made the seat narrower at the front so the reach to the ground is easier. Your passenger still sits higher than you, though not quite so much, in line with the Tiger Sport's sporting look.

Handlebars

We also made the handlebars slightly lower and closer to you for a more sporting feel and to give you more feedback and control during sports riding.

CHASSIS

FRAME	Aluminium beam twin-spar
SWINGARM	Single-sided, aluminium alloy with eccentric chain adjuster
FRONT WHEELS	Cast aluminium alloy multi-spoke 17 x 3.5in
REAR WHEELS	Cast aluminium alloy multi-spoke 17 x 5.5in
FRONT TYRES	120/70 ZR 17

Finance is subject to status and is only available to applicants ages 18 and over. Indemnities may be required. TriStar Personal Contract Purchase is only available through Triumph Motorcycle Finance provided by Black Horse Ltd, St William House, Tresillian Terrace, Cardiff CF10 5BH.

ACCESSORIES	DESCRIPTION	PRICE
	2 Box Pannier Kit (A9508078) Bespoke Triumph luggage system featuring high security one key locking mechanism, colour coded lid covers and fully weatherproof construction. Dynamic mounting system ensures performance levels are not compromised even when fully loaded. Offers 55.5 litres of luggage carrying capacity (can accommodate one full face helmet in LHS pannier).	RRP £550.00
	Machined Alloy Short Levers (A9620030) Offered for Street Triple, Sprint ST, Sprint GT and Tiger, these CNC machined, billet aluminium brake and clutch levers are offered to replace the standard equipment items with a short alternative. Manufactured from aerospace grade aluminium with hard anodised finish, the levers feature contrasting machined and anodised span adjusters and laser etched Triumph branding.	RRP £149.99
	Lid Cover Kit, Top Box (A9508156 JI) To be used in conjunction with Top Box T2351021.	RRP £84.00 - £85.00
	Seat Comfort Rider 3DNet (T2306863) Features integral 3D net comfort pad for superb weight distribution. Dual premium fabrics and stitch detailing.	RRP £209.18
	CNC Machined Rear Brake Reservoir (T2025065) Replacement CNC Machined Rear Brake Reservoir in anodised black finish. Features machined detailing to base and lid, laser etched branding and integral sight glass.	RRP £49.99

Tiger Sport

ACCESSORIES	DESCRIPTION	PRICE	
	CNC Machined Front Brake Reservoir (T2025066)	CNC Machined replacement Brake Reservoir for use on models fitted with radial brake master cylinder. Features include machined detailing to lid and body, laser etched branding, integral sight glass and an anodised black finish.	RRP £59.99
	Triumph U Lock, 270mm (A9810006)	High quality, 270mm U Lock. Manufactured in the EU. SRA Approved/Sold Secure.	RRP £104.99
	Low Comfort Rider Seat (T2306869)	Alternative rider seat featuring 3D net comfort insert for enhanced pressure distribution and comfort, and dual premium fabrics and stitch detailing. Lowers seat height by approximately 20mm.	RRP £194.99
	Magnetic Sports Tank Bag (A9510102)	Bespoke magnetic sports tank bag with moulded construction to maintain form. Offers 15 litre capacity which can be expanded to 20 litres. Supplied with rain cover, map pocket and shoulder strap.	RRP £130.00
	Sliding Carriage Kit (A9508076)	Sliding Carriage mechanism facilitates mounting of a top box. Features floating mechanism allowing the top box to move independently to ensure the handling characteristics are unaffected, even when fully loaded. Also incorporates an automatic electrical connection when the top box is installed.	RRP £139.99
	Clear Rear Light Assembly (A9700074)	Clear LED rear light unit, direct replacement for the standard OE part.	RRP £70.00
	Pannier Inner Bag (A9508077)	High quality inner bag, offered for use with the Tiger Sport Pannier System. Constructed from durable, high quality nylon with preformed base for added water resistance. Features dual carry handles, detachable padded shoulder strap and oversized branded zip pulls for ease of use with gloved hands.	RRP £85.00
	Arrow Slip On Silencer (A9600423)	Bespoke slip on silencer developed in conjunction with Arrow Special Parts. Titanium wrap, carbon fibre end cap and stainless steel internals lead to a considerable 2.6KG weight saving.	RRP £571.99
	Heated Grip Kit (A9638015)	Twin position heated grip kit, features internally wired grip heaters for neat installation and cockpit mounted switch position.- VIN specific product, please consult your authorised Triumph dealer.	RRP £154.99
	Optimate Adaptor (A9930011)	Allows convenient use of an Optimate Adaptor when used in conjunction with the auxiliary power socket A9938047.	RRP £12.49
	2 Box Pannier Lid Kit (A9508074)	Factory colour coded pannier lid kit required to complete 2 box pannier kit.	RRP £119.99
	Engine Protection Bars (A9758164)	Designed in conjunction with the motorcycle to yield in the event of a fall or drop, offering protection to engine casings. Durable fabricated steel finished in tough black powder coat.	RRP £169.99

Tiger Sport

ACCESSORIES	DESCRIPTION	PRICE
	Sports Tail Pack (A9518077) Moulded sports tailpack offering 16 litre capacity which can be expanded to 20 litres. Features bespoke zippers for use with gloved hands, and integral padded shoulder strap.	RRP £119.99
	Top Box - Powered (T2351021) Bespoke Triumph top box featuring high security one key locking mechanism, colour coded lid covers (required separately) and fully weatherproof construction. Offers 55 litres carrying capacity, and can accommodate a full face helmet. Features 12v electrical socket for convenient charging of electrical items.	RRP £233.00
	Centre Stand Kit (A9778016) Bespoke fabricated centre stand kit for convenient rear wheel maintenance. Finished in a durable powder coat.	RRP £179.99

	Triumph Battery Optimiser (A9930218) Automatic Battery Optimiser for lead acid batteries (Market Specific; A9930219 EU, A9930220 US).	RRP £49.99

Tiger Sport

ACCESSORIES	DESCRIPTION		PRICE
	Rubber Tank Pad (T2401656)	Self adhesive, durable rubber fuel tank pad to protect the tank from zip scuffs and wear. Features complimentary styling and subtle Triumph logo branding.	RRP £25.52
	High Touring Screen (T2306711)	Injection moulded, polycarbonate high screen for a superb finish and optimum clarity combined with a durable finish. 50mm higher and 22mm wider than the standard part.	RRP £160.80
	Paint Protection Kit - Fuel Tank (A9938188)	Highly durable, puncture and gravel chip resistant Paint protection film developed to protect paintwork, custom cut specifically to fit the Tiger Sport fuel tank. When fitted the film appears clear, ensuring the motorcycle looks as intended, an industry first!! Used widely in Formula 1 & Moto GP, this paint protection film is designed to be installed easily and with perfect results. The paint protection film allows UV rays to permeate through, meaning the protected paintwork will age at the same rate as the rest of the motorcycle, avoiding any unsightly colour differences if the film is removed.	RRP £47.99
